PRESENTATION

For its' new creation, the actors of the TVP present an illogical follow up of the famous tragedy Romeo and Juliet. In a watery décor against a background of eroticism this new fiction full of spectacular special effects should stimulate a certain effervescence in the audience.

The length of the show and the welcoming of the audience make this theatre of miniature objects a poetic concept. For a small number of forewarned people.

Finally, on the endless theme of love and its secrets, the TVP offers a fantastic vision of human kind through a lyrical piece of fiction.
